FORT SASKATCHEWAN NEWS.
Fort Saskatchewan, May 15.
Rev. W. Schachtmeister, wife and baby, of Bruderheim, passed through on their way to attend a conference of the Moravian church at Bethlehem. Mr. McKee has entered into partnership with E. Simmons and Whitson in the livery business.

Shera and Co are operating for a new cellar to their store on a lot just off on Government Street. It will be 35x50, built of stone.

Mr. Asa Chumick and Miss Jennie Morris were married today at the home of D. Sinclair, Rev. Aldridge officiated.

The special services at the Presbyterian church last Sunday and Monday were well attended. Rev. McQueen preached on Sunday evening and gave an address on Monday evening. Rev. Aldridge, Hood, McLeod and others also took part in the program.

Roads are good on the Fort and Edmonton, but not first class to Star. Fine weather though, will soon put them in shape.

Mr. Warren, of Peace River, visited the Fort this week. He reports well of that country.

Mr. Inman has taken a position on the staff of the Reporter.

A town meeting is called for the 22nd inst. to discuss sidewalks and other improvements.

A very enjoyable paper chase on horseback took place on Wednesday evening. Messrs. W. S. Shera and H. E. Daniels acted as judges and laid a trail through the woods and over the hills and across the police reserve. The horses were given a start of ten minutes, but the scent being good and the pursuers being well mounted, they were caught after a very fast run of several miles. Among those who finished in the first flight were E. Graham, V. Faulhaber, R. G. D'Amour, Mrs. Langworthy, W. Wilson and others.

It has been decided to organize a football club and have regular runs.

Argentine Cattle Barred.
Montreal, May 15.—Owing to the existence of foot and mouth disease among cattle in the Argentine Republic, the British government has scheduled all cattle from that country. This all cattle from that country. This all cattle from that country.

Against Argentine cattle and their importation into Great Britain, even for slaughter upon landing, has been prohibited. Canadian and American cattle are expected to be in great demand and prices will probably range high.

LOCAL

—Train left Red Deer on time.
—John A. Graham left for Red Deer this morning.

—Rev. Mr. Buchanan left for Calgary this morning.

—Thos. Hourston went to Wotash this morning.

—Craig and Canyon, Banff, have resumed publication.

—There are two hundred and sixteen telephones in Calgary.

—James Gibbons, Stony Plain, was in Edmonton yesterday.

—Rev. Father Leduc arrived in Edmonton last night from Calgary.

—H. A. Conroy, Edmonton, has been appointed a commissioner for taking affidavits.

—John A. McDougall and G. R. E. Kirkpatrick leave on a visit to the Barr colony this afternoon.

—Mr. Johnson, formerly with Mr. Fry left for Calgary this morning with twenty men for railroad work.

—One thousand more English colonists, who will settle beside the Barr colony will arrive in Canada in September.

—A report from Ottawa states that the government will guarantee the loans of Mackenzie and Mann on their railroad to Edmonton instead of a cash subsidy.

—Miss Edna Sutherland and Miss Mariella G. Patton will appear in Robertson Hall tonight in a delightful program of sketch and story, song and ballet.

—Chas. McDonald, of Forbes and McDonald, who has been spending the last few weeks on a trip through the country to the north and east of Edmonton returned to town last night.

—John Simpson, a second hand store keeper in Regina, was on Saturday last fined \$300 and sentenced to six months imprisonment with hard labor for supplying liquor to Indians. It was his third offence.

—The Edmonton Mock Parliament held a very enjoyable literary meeting in the Garrick Hall last night. The Parliament meets on the second Thursday of each month and a full attendance of all members is requested.

—The following Edmonton people registered in Calgary the first two days of the week: H. W. B. Douglass, R. W. McKenzie, J. P. Harrison, Mrs. McLeron and daughter, M. Turnbull, D. R. Stuart and wife, J. H. Emerson and D. C. Robinson.

—Saskatchewan Herald.—A run through the camp of the Barr colony one evening last week showed that those who had arrived up to that time were in good spirits and making the best of things. The weather had been cold and blustery for some days, making it less comfortable in the tents than was looked for at this season.

—McLeod Advice.—Mr. and Mrs. Wm. Black, old time residents of McLeod, have quit the south and taken up their abode in the far north. Mr. Black having been appointed to a position on a railway a few miles west of Edmonton. We wish our old friends every imaginable form of happiness in their new surroundings and commend them to the good people of that part.

Canadian Northern Means Business Tribune.

"The Canadian Northern Company will grade one hundred miles of road more than was intended this year."

Mr. Sutherland, executive agent for the company, has just returned from Toronto, where the head officials of the company to which he belongs have held important conferences concerning the intentions of the company in the west during the coming season. The plans which are the results of these conferences are important to all western Canada.

"We have undertaken this grading this year for the benefit of the Barr colonists, many of whom will need work in order to live comfortably through the coming winter. We will send only men up to the location of the road, and will employ all the men and horses that the Barr colonists can supply. The grading work will begin soon, not later than the first of July, and will continue until the frost sets in next fall. We hope by this means to grade at least one hundred miles of road. We cannot put the steel up to this year, but will connect it with our main line next year. This work had to be done no later than next year at any rate, and the company felt that in giving the work to the Barr colonists they would help the colony on, as well as secure the labor, an important item these last few years."

The project was suggested to the company by Dr. Robbins, who met the officials in Toronto last week. The good sense of the proposal appealed to the company at once, and they proceeded upon it immediately with the result I have stated."

COUNCIL MEETING

The adjourned meeting of the council was held yesterday afternoon. Mayor Short, and Councillors Grierison, Fraser, Cuthbert and Gallagher being present.

Tenders for sidewalks were first taken up. Hays and Storey, Jas. B. Twiss, Wills and Doyl, S. T. Bavington tendered. The contract for the sidewalk along 8th street, River lot 12 was awarded to Wills and Doyl. S. T. Bavington was awarded the contract for sidewalks, on 6th street, Hudson Bay Reserve, north from Jasper Avenue and on Queen's and Fraser Avenues.

Resident Engineer Armstrong reported on the lowering of the water table, in the case of side streets and drains he thought it would be advisable to have the pipes lowered for fear of freezing. He was instructed to bring in a further report this Friday afternoon when the council will again meet to complete business.

OFF FOR THE BARR COLONY.
Five large scows of potatoes will be shipped down the Saskatchewan to the Barr colony this afternoon by McDougall and Secord. The boats have been loading the last few days and now everything is ready for the trip. This is but the first of a series of similar shipments. J. C. Clifton acts as foreman and Fred Sinclair as pilot, and about a dozen men go along to manage the scows. Their main work will be to keep the boats in the centre of the river avoiding sand bars, etc.

Messrs. Jno. A. McDougall and G. R. E. Kirkpatrick will accompany the boats for the pleasure of the trip and a visit to the Barr colony.

RESEMBLANCE MEETING.
A meeting of the Edmonton baseball club was held in John G. McDougall's office last night. President John L. Mills occupied the chair. J. C. McDougall tendered his resignation as secretary and Chas. Stoddard was elected in his place. Will Inglis was elected captain of the team for the ensuing season. The uniforms, chosen are gray with black trimmings and these will be purchased immediately. Arrangements were made to play the Fort Saskatchewan baseball team at the Fort next Tuesday, May 19th.

The Building Boom

is now on and the demand for lumber is very keen. If you want to get materials on the ground in time for your building you had better order from us at once. The undecided man puts things off. He always writes until tomorrow as he can change his mind. Then he waits until the next day so he can change it back again. In the meantime, lumber gets scarce, prices go up and he blames the lumber combine. Alberta lumber is scarce now, but we are shipping in B.C. lumber as fast as we can get it at the rate of a car a day, and we can take care of your order if you give us a chance.

ELTIME is now here and the flies are always present. Better place your orders at once for screen doors and windows. It is much easier to keep out the flies than to drive them out when they get in.

FRIDAY, MAY 15TH, 1903.

Russian Occupation Temporary.

St. Petersburg, May 9.—The foreign office here strongly deprecates the excitement concerning Manchuria. It believes mischief makers are responsible for the reports and says the arrival of troops at New-Chwang was due to the retirement of troops from Mouken province, outward, instead of northward. The troops have departed by sea. The other alleged warlike preparations are ridiculous.

Peking, May 9.—The official at New-Chwang who sent yesterday's news of Russian alleged action at New-Chwang and elsewhere in Manchuria telegraphs today that the occupation of the forts at the mouth of the Liao river was temporary and that the Russians have now withdrawn.

Official circles at Peking are mystified. Their subordinates at New-Chwang have not reported the occupation of that place, hence there is a disposition to question the correctness of the information, although the author of yesterday's story is generally considered to be one of the most able and best informed foreigners in China.

Washington, May 9.—The state department has received from U.S. Minister Co. confirmation of the Associated Press despatch from Peking that the Russians re-entered New-Chwang and then retired.

Shamrock III Doing Good Work.

Groulx, May 11.—The conditions this morning gave promise of a fine light weather trial when the two Shamrocks, under club topsails and jib topsails over their lower canvas left Groulx to a three knot north-easterly wind. The Shamrock I. drifted quite as fast as the cup challenger and had a long lead as she started down channel. Off Holy Loch the boats got a six knot breeze from the northwest and so soon as Shamrock III was perceptibly heeled she started to overhaul her opponent and soon closed up on the latter.

Shamrock III. easily passed the older boat in the headwind breeze. Below Dunoon the boats started afresh on a boat out to windward, and the challenger made better work than she had yet shown. Holding very high in the wind and travelling fast, she opened away on each tack, beating Shamrock I. on every yard sailed. When over two miles astern, Shamrock I. made a run into the Bute shore, but the manoeuvre was not profitable. She lost the wind and lay almost becalmed while the challenger increased the big gap between them.

A GRAND COUNTRY.

Telegram.

C. F. Lowe, of Vancouver, who has spent about a year exploring Fort Simpson, Hinterland, and the Peace river valley in the city. Mr. Lowe is thoroughly acquainted with the western territory through which the Grand Trunk Pacific proposes to pass. When he made his explorations he had with him a party of seven experienced men, including an engineer.

In reply to an inquiry as to the general character of the country over which he had travelled, Mr. Lowe said: "It certainly has no peer in the west and when developed it will be one of the richest countries in the world."

"Wherever the Grand Trunk Pacific touches the Peace river, there you will see spring up, a city, second only in the west to Winnipeg, and I include the coast cities," Mr. Lowe continued, "and I predict that there will be two other big cities, but not so important as the last referred to. One of these, of course, will be at the coast and another at Stewart Lake, which is the center of a very fine country."

"Throughout this territory there is coal, iron, coal oil, salt and other minerals with excellent timber lands, and 15,000,000 acres of wheat lands capable of producing 40,000,000 bushels of wheat per annum."

"It is the climate favorable for the gold and silver, but not windy." Speaking of Vancouver, Mr. Lowe says building there is very brisk and there are fully twice the number of buildings going up there this year than there were last year. Labor troubles are, however, interfering with the building progress.

LEDUC

Leduc is entering upon the best season in its history in the line of building. Excavations for basements and stone walls are under way for drug store and office for Drs. Sutherland and McKay. Harness shop by John Turner; large addition to Waldorf Hotel by Adam Aicher; Mr. John McColeman, 325 almost completed a building 28x44; two electric fan borcher shops and two woodshops stand to rent. McKay and Sutherland have erected a large carpenter shop and office in connection with their lumber yard. Edward O'Neill has put up a spacious machine and implement storage building. All of above on Main street.

Several residences are already completed and several more well under way.

The village is not alone in this activity. A large number are settling on homesteads and C.P.R. lands west of Leduc and are mostly of a class that are putting up substantial houses this year. A good many settled farmers are replacing their log shacks with frame dwellings.

The sky is blundered in the evenings by the glare of gasolene, kerosene and brush pile fires, but no serious damage is reported to have been done as yet from this source.

Dr. J. A. Little, of Alexander, Man., has located to practice in Leduc.

The firm of D. Wade & Co., pork packers, has been reorganized into a joint stock company under the name of D. Wade & Co., Limited. The stock at \$100 per share, and of which only a limited amount was placed on the market, has had a most encouraging sale. The prospects of the company are certainly bright, judging from the support it is receiving and from the demand their product is having, not only in Alberta, but in British Columbia.

Mr. M. J. Manning, the manager of the Merchants Bank here, is spending a month's holidays in visiting relatives and old acquaintances at Queenville and other points in Ontario.

Mr. Frank Pike of Wotekin, is supplying here in Mr. Manning's absence.

Messrs. Douglas, Teasdale, Sutherland, Holden, McChesney and St. Germain have formed a sporting party and have formed among themselves a brick company. The work of company up the plant was begun immediately and a long felt want in Leduc will soon be filled.

Mr. Windear Thompson has sold his farm at Conroy creek to Mr. Mark Spencer of this place.

Mrs. Rosa, of Wotekin, is visiting Mrs. J. B. Gibson.

LEDUC LIBERAL ASSOCIATION

The Liberals of Leduc reorganized Tuesday night and elected the following officers:
President, R. T. Telford.
First vice-president, Owen McKay.
Second vice-president, T. R. Glanville.
Secretary, E. Kirkpatrick.
Treasurer, J. B. Holden.

200 = LOTS = 200

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

COUNCIL MEETING

The regular meeting of the city council was held in the usual place on Wednesday evening. Mayor Short and Councillors Gallagher, Fraser, Gibson and Cushing were present. P. M. Naughton, engineer of the waterworks system, addressed the council, asking the town to provide a suitable residence for the engineer's use. The council was unanimously in favor of the proposition and the matter was referred to City Engineer Armstrong.

John E. Graham addressed the council and offered three hundred dollars and his two lots on which his house stands for lot 36 and the east half of lot 37, immediately across the road. The offer was accepted on motion of Councillors Gallagher and Cushing.

The question of the assessment for the ditch in the west end caused a good deal of discussion. Objection was taken by certain property holders to the assessment suggested by the City Engineer. By a unanimous vote the council decided to stand by the assessment of the Engineer.

The minutes of the last meeting were then read and adopted on motion of Councillors Gallagher and Fraser. Alex Taylor addressed the council on behalf of the Edmonton public hospital, asking for assistance for the erection of an isolation hospital to the rear of the public hospital. Dr. Brewthwaite advised the council to insist on certain stipulations before any aid be granted. On motion of Councillors Gibson and Fraser a grant of fifteen hundred dollars was voted provided that the plans are approved of by A. E. Brewthwaite, Medical Health Officer. The motion also provided for the sale of certain town lands to provide the necessary money, as there would be no additional burden on the tax payer.

The secretary treasurer gave notice of the completion of the assessment, it being \$3,274.15.

A letter was read from Alex Taylor, President of the Edmonton Telephone Company, stating that a telephone wire had been pulled down by a contractor while moving one of the offices next J. H. Morris's store. There is a by-law to the effect that in such cases due notice must be given the town and all concerned, before buildings are moved. It was decided to rigidly enforce the by-law in the future.

The matter of laying the water mains deeper was next taken up. Dobson, Jackson and Fry offered to lower their six inches at a cost of eight cents per linear foot. The matter was referred to Engineer Ashbridge.

The secretary treasurer read correspondence from the firm which had

been awarded the contract for building the water tower, in which they had asked for an extension of time. The secretary treasurer had wired them that the extension would not be granted. The contract was thereupon awarded to the Chicago Bridge and Iron Company.

The secretary of the Exhibition association requested an exemption from taxes on their lands. The council decided that, as in the past, any taxes levied would be remitted.

Secretary-treasurer G. J. Kinnaird asked for an increase of salary and was granted \$150 a month. Dr. A. E. Brewthwaite, Medical Health Officer, applied for an increase of salary. His salary was raised to \$49 a month.

Power was given the city engineer to call for tenders and let contracts for sidewalks provided they were properly signed.

The school board requested the council to hold a meeting to receive nominations for school trustees, and, if necessary, hold an election. The request was granted.

No action was taken re J. B. Lubbock's claim against the town for damage to horse and rig from a defective crossing.

Hobson's bills against the town for the use of certain instruments belonging to him were discussed. It transpired that he was charging twice the amount that the goods could be purchased for in the first place. The town has an uncollected income tax against Mr. Hobson, and it was decided to drop the various bills.

Sewerage connections on Saskatchewan Avenue came up for discussion and it was decided to install this sewerage system as soon as possible.

The question of buying certain lots in block 6, Hudson Bay reserve, for a gravel pit for the town, was brought up and a long discussion followed on whether it would be more advisable to obtain the gravel from the bottom of the river. The matter was left with Engineer Armstrong.

The extension of the Ross grade on past the end of McDougall street south of the Grand View hotel, up onto the level ground above the bank and on to Jasper Avenue, the most practicable way of this question and that of putting up a railing along the grade were left in the hands of the city engineer.

At this point the time of sitting was extended one hour.

The question of tenders for water service connections was brought up and a long discussion ensued. Messrs. Dobson, Jackson & Fry, Twiss, and Whitman all had applied for the work. Dobson, Jackson and Fry were about \$1,000 higher than Whitman. Moved by Coun. Cushing, seconded by Coun. Gallagher, that the

lowest tenderer be granted the contract. It was moved in amendment by Coun. Gibson, seconded by Coun. Fraser that Dobson, Jackson and Fry's offer be accepted. The amendment was lost and the vote on the original motion stood even and Mayor Short cast the deciding vote granting Mr. Whitman the contract, provided he could give sufficient bonds. The tender of Dobson, Jackson and Fry appeared more favorable to the council, but a thousand dollars difference in the contract decided the awarding thereof.

The date of the Court of Revision for the town of Edmonton was set for Wednesday, June 3rd, at 8 p.m. in the council chamber.

By-law 243, providing for water rates was given its first and second readings as was also by-law 244, an amendment of by-law 195 regarding the Public Health.

By-law 187 was amended to include the following license fees:

Drying, double team, \$10 a year; single team, \$7.
Real estate agents, \$100 a year.
Lifts or fire insurance agents, \$25.
Auctioneer, \$25.
Horse dealer, \$50.
Feed store keeper, \$25.
Agents for outside tailoring establishments, \$50.
Barbers, \$10.
Laundries, \$25.
Restaurants, \$25.
The meeting then adjourned.

NOTICE.

To Contractors, Farmers and all who have machines liable to renewal or repair.

The business heretofore carried on under the name of the "Edmonton Iron Works" will now be transacted by the "Edmonton Iron Working Company" at the same place of business as in the past.

The new company is now installing new machinery as fast as it can be got upon the ground. The company is also prepared to furnish the various trades all cast iron work and machined castings at a price that will prohibit importation of these things.

CONTRACTORS.—Contractors can procure cast iron columns of any design, cast weights, cast doors, truss rods, bolts, and nuts, for building, and bridging purposes, etc., on shortest reasonable notice.

FARMERS.—Farmers can have their mowers, binders and threshers overhauled and put in first class state, then in any case, saving the expense of a new machine for some years.

OWNERS OF ENGINES AND BOILERS.—

Competent men are always on hand to go into the country and repair engines and boilers that cannot be brought to the shop.

Tubing, steel for pulleys, patch bolts, etc., always on hand.

TERMS.—

Terms cash, except in cases of contracts.

The new company asks no favor from the public, except opportunity, therefore if work is not promptly and satisfactorily performed it will be deemed sufficient reason for the discontinuance of the customer.

Customers will confer a favor upon the company by reporting any faulty or defective work by the employees in the performance of their work.
